TERMS AND LIMITATIONS

The American Gem Trade Association Gemological Testing Center (AGTA GTC) often provides its gem reports at a relatively small fee compared to the present and/or potential value of the articles described on them only because these reports are subject to the following limitations on the liability of AGTA Gemological Testing Center. All of the limitations apply to the client for whom the report is prepared and to all other persons to whom the report may be distributed, shown or transferred.

1. The client agrees to be responsible for, and to hold AGTA GTC, its employees and agents harmless from any and all injury, loss, damage, or destruction of articles entrusted for examination while in the possession of AGTA GTC, resulting from any cause whatsoever not caused by the proven negligence of AGTA GTC or its employees.
2. AGTA GTC and its employees and agents shall not be liable for any loss, damage, or expense for any error in, or omission from, any report, or for its issuance or use, even if caused by, or resulting from the proven negligence or other fault (except proven fraud, willful misconduct or gross negligence) of AGTA GTC or any of its employees and agents.
3. AGTA GTC and its employees and agents shall not be liable for special or consequential damages for any error in, or omission from, any report, or for its issuance or use, even if advised of the possibility of such damages.
4. Reports issued are not guarantees, valuations or appraisals, and AGTA GTC makes no representation or warranty regarding the reports issued or the articles described in them. Each report contains a description of the article tested based upon tests and techniques used by AGTC at the time of examination.
5. The reports, Trademarks, or Service Marks of AGTA GTC may not be reproduced in whole, or in part, without the prior written authorization of AGTA GTC.
